## CHEMEKETA COMMUNITY COLLEGE EQUAL OPPORTUNITY/AFFIRMATIVE ACTION PLAN

	I. <u>INTRODUCTION</u>
	The policies and recommended procedures in this Equal Opportunity/Affirmative Action Plan were originally developed by a 13-member task force of Chemeketa Community College employees. This group was appointed in October 1975 to draft an Affirmative Action Plan which has been revised and updated four times since then.
COMPREHENSIVE APPROACH	This Equal Opportunity/Affirmative Action Plan is based upon a variety of separate state and federal laws or regulations dealing with nondiscrimination. These laws include: Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Employee Retirement Income Security Act, the Civil Rights Act 1988, the Civil Rights Act of 1991, the Age Discrimination in Employment Act of 1967, the Vietnam Era Veterans Readjustment Assistance Act of 1974 and as amended in 2013, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Older Workers Benefit Protection Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and the Americans with Disabilities Act Amendment of 2008, the Equal Pay Act of 1963, the Equal Pay Act of 1983, the Equal Pay Act of 2010, the Fair Labor Standards Act, sections 503 and 504 of the Vocational Rehabilitation Act, the Family and Medical Leave Act, Executive Order 11246, Oregon Revised Statutes Chapters 659 and 659A, ORS 341.541 and Oregon Administrative Rules of the Oregon State Board of Education 581-008-0100 and 589-010-0100, all as amended, and any regulations under such laws.
ORIENTATION TO EQUAL OPPORTUNITY/AFFIRMATIVE ACTION	It is important for persons unfamiliar with equal opportunity laws to understand several concepts which determine the context of this plan. For example, there is a distinction between "equal opportunity" and "affirmative action" which is not widely understood. Equal opportunity legislation, which dates from the mid-1960s, requires passive assurances of nondiscrimination (initially applied only to "protected groups" of racial and religious minorities).
	When these laws failed to produce significant changes in the

hiring practices of public and private enterprises, the U.S. Congress and the President adopted laws and regulations requiring active efforts to recruit under-represented groups (including women, older persons, and the disabled) into the work force. Title IX of the Education Amendments of 1972 extended affirmative action regulations beyond the realm of employment to the area of educational policies and practices, with rules for eliminating sex discrimination. Title II of the Vocational Education Amendments of 1976 extends regulations in the area of vocational education beyond the realm of sex discrimination to eliminate sex bias and sex stereotyping as well. The American with Disabilities Act of 1990 extends regulations for individuals with disabilities by requiring equal access and employment opportunities for individuals with disabilities. The Americans with Disabilities Act was greatly expanded to include more individuals when amended in 2008.
A plan or a policy cannot assure the elimination of discriminatory practices; at best, it can only establish an atmosphere in which wiser, more sensitive decisions can be made. Changes in attitudes towards minorities, women, ethnic, or religious groups, persons with various disabilities, sexual orientation and the elderly are largely influenced by the general social climate. Policies adopted by the College Board of Education and implemented by all members of the college community can establish boundaries for behavior, which will ultimately affect the attitudes and values giving rise to the problem of discrimination.
The comprehensive approach adopted in this plan cannot take into account all of the historical ways protected classes have experienced discrimination. The priorities and strategies for addressing past patterns of imbalance will differ in relation to the groups or individuals under consideration. The college will attempt to be responsive to the distinctive needs of each group, while maintaining uniform policies, procedures and guidelines which apply to all groups.
II. <u>DESIGNATION OF RESPONSIBILITY FOR IMPLEMENTATION</u> In accordance with 41 CFR-2.10 federal contractors are required to administer an Equal Opportunity/Affirmative Action Plan to assure equal employment opportunity. The

EQUAL OPPORTUNITY/ AFFIRMATIVE ACTION OBJECTIVES	III. <u>GENERAL EQUAL OPPORTUNITY/AFFIRMATIVE ACTION</u> <u>OBJECTIVES</u>
Objectives	The following broad objectives will be achieved through this plan:
	A. The college will employ a work force which is proportional to the availability of candidates in the relevant labor pool.
	B. The college will extend equal educational opportunities to everyone, including members of protected classes.
	C. The college will assure that services generally offered to students and the public are actively extended to members of groups who can benefit from these services.
	<ul> <li>D. The college will educate its employees concerning the policies and procedures to be used in meeting Equal Opportunity/Affirmative Action objectives.</li> </ul>
	E. The college will identify and eliminate any procedures which have a discriminatory effect in employment or education programs.
	F. The college will establish a process for recruitment, hiring, employee development and promotion consistent with state and federal Equal Opportunity/Affirmative Action regulations.
	IV. EQUAL OPPORTUNITY/AFFIRMATIVE ACTION POLICY
POLICY STATEMENT	It is college policy that discrimination or harassment on the

Harassment is any unwelcome behavior, or display, either verbal, physical, or visual in nature which meets any of these criteria: 1) submission to such condition is either an implicit or explicit condition of employment or academic performance; 2) submission or rejection of the condition by an employee or student is used as the basis for decisions affecting that person's employment or academic performance; 3) the condition has the purpose or effect of unreasonably interfering with an individual's work performance or academic performance or creating an intimidating, hostile, or offensive working environment or academic environment.
	The Chemeketa Community College Board of Education supports the college's Equal Opportunity/Affirmative Action Plan. The college shall recruit, hire, train and promote persons in all job titles, and assure that all other personnel actions are administered, without regard to protected veterans and disabled status; and assure that all employment decisions are based only on valid job requirements.
	Employees and applicants shall not be subject to harassment, intimidation, threats, coercion or discrimination because they have engaged in or may engage in any of the following activities:
	1) Filing a complaint;
	2) Assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of the affirmative action provisions of Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA) Section 503 of the Rehabilitation Act or any other Federal, state or local law requiring equal opportunity for protected veterans and individuals with disabilities;
	<ol> <li>Opposing any act or practice made unlawful by VEVRAA, Section 503 of the Rehabilitation Act or these acts' implementing regulations in this part or any other</li> </ol>

	<ol> <li>Exercising any other right protected by VEVRAA, Section 503 of the Rehabilitation Act or these acts' implementing regulations or its implementing regulations in this part.</li> </ol>
	Every member of the college community must accept responsibility for being aware of and responsive to the particular needs of people with disabilities. All policies, procedures, and guidelines will assure reasonable accommodations and appropriate academic adjustments to employment, educational opportunities, programs, and activities in the most integrated setting appropriate. This policy implements various federal and state laws and regulations such as Federal Executive Orders 11246-11375, sections 503-504 of the Vocational Rehabilitation Act of 1973, Title VII and Title IX of the Educational Amendments of 1972, the Americans with Disabilities Act (ADA) of 1990, ORS Chapter 659A, and others which require that the college not discriminate on any of the prohibited bases. The college shall maintain an Equal Opportunity/Affirmative Action Plan which includes a complaint procedure and report to the College Board of Education annually on the progress of the plan.

DEFINITIONS	The following terms are used consistently throughout this plan:
	<u>Affirmative Action Officer</u> : The individual responsible for coordinating and monitoring compliance activities of the college, including student and employee complaints of discrimination and harassment.
	Applicant Flow Record: A record of applicant characteristics used to analyze and monitor the recruitment process; including such items as race, national origin, sex, etc. This information is not used to screen or evaluate applicants.
	<u>Applicant Pool</u> : The total number of candidates who have applied and are qualified for a given position.
	<u>Complaint</u> : In the context of affirmative action, complaint refers specifically to a complaint of discrimination which is

· · · · · · · · · · · · · · · · · · ·	
	distinct from contract grievances or other personnel matters.
	<u>Compliance</u> : Conformity with official requirements of Equal Opportunity/Affirmative Action regulations.
	<u>Disabled</u> : Any person who (1) has a physical or mental impairment that substantially limits one or more major life activities; (2) has a record of such impairment; or (3) is regarded as having such impairment.
	<u>Disparate Effect</u> : A result of the application of criteria or standards that impact one class of persons differently than another class of persons; the burden of proof is on the employer to show that disparate effects are justifiable and nondiscriminatory.
	Equal Opportunity/ Affirmative Action Plan: A statement of goals, timetables, and programs indicating how an employer plans to move from current status to parity with external labor markets; this document is required of all government contractors under the regulations of the Office of Civil Rights and of all community colleges under regulations of the Oregon State Board of Education.
	<u>Hiring Goals</u> : Specific numbers and/or percentages of employees from protected classes to be recruited and hired by the college, based on the criterion of parity with the relevant labor pool. Goals are distinguished from "quotas" in the sense that they are based on reasonable efforts to recruit members of "protected classes" and assume that the college takes advantage of every opportunity to hire qualified persons from these groups. (Note: Persons who meet duplicate categories, e.g., female minorities, should be counted in one category when evaluating hiring goals.)
	<u>Minority</u> : Federal definitions include the following specific groups: Latin Americans, Native Americans (including Eskimos and Aleuts), African Americans (not including those whose first language is Spanish), and Asian Americans (including Pacific Islanders); persons of color or members of distinctive minority cultural groups within the community usually fall under definition of "minority."
	<u>Parity</u> : A condition in which the percentage participation of

	protected classes in an organization is identical to the equivalent percentage in the relevant labor pool.
	<u>Policy</u> : A statement adopted by the College Board of Education to clarify the college's position on issues and to supplement existing state and federal laws governing community college districts.
	<u>Procedure</u> : A statement adopted by the college administration which clarifies practices and regulations intended to supplement or implement policies adopted by the College Board of Education.
	Protected Class: A generic term used to describe those groups who have borne, in the eyes of Congress, the Oregon State Legislature and the courts, the brunt of discriminatory employment and educational practices in the past. This term refers to, for example but not limited to, women and minorities, persons from specific linguistic or religious groups, disabled persons, and sexual orientation.
	<u>Protected Veteran</u> : Disabled veterans, recently separated veterans, active duty wartime or campaign badge veterans, and Armed Forces service medal veterans.
	<u>Relevant Labor Pool</u> : The total number of potential candidates within a specifically defined occupational category and geographic region.
	<u>Systemic Discrimination</u> : Established practices, persisting over time, which produce unintentional disparate efforts; institutions are held accountable for systemic discrimination as well as overt discrimination in their compliance reviews.
	<u>Utilization Analysis</u> : A comparison of the current distribution of women and minorities in the college work force with those available in the labor market.
PROGRAM RESPONSIBILITY	General responsibility for implementation of Equal Opportunity/Affirmative Action policies rests with all members of the college community. These general responsibilities are described in the following paragraphs:
	A. <u>Communication</u>

College employees and the student body shall collaborate with the director of Human Resources/Affirmative Action officer and the managers of their respective programs on matters relating to Equal Opportunity/Affirmative Action. If any member of the college community feels that he/she has been discriminated against, he/she should refer to the established complaint procedures. Potential problem areas include:
1) Employment Concerns
Examples include, but are not limited to, recruitment procedures; wording of job descriptions; distribution of job announcements; conduct of search committees; screening procedures and interviews; nepotism; employee evaluations; selection and appointments; staff development and training; promotion; transfer; compensation and benefits; leave policies; continuing contracts; committee assignments; retrenchment and terminations; retirement; workloads; salary equity; complaint procedures.
2) Education Concerns
Examples include, but are not limited to, admission procedures; recruitment of students; counseling; career guidance; curricular choice; bilingual education; campus organizations; competitive athletics; student benefits; student services; financial aid; access to facilities; student employment opportunities; academic records; publications and announcements; texts and illustrations; complaint procedures.
3) <u>Policy Development</u>
Modifications in the policies and procedures of this plan will occur as changes are made in federal and state regulations or deficiencies and omissions in the implementation procedures become apparent. Employees, students, or other individuals who are aware of the need for changes in college policies shall bring these needs to the attention of responsible officials (e.g., the director of Human

Resources/Affirmative Action officer, director of Legal Resources, or the college president/chief executive officer). Policy changes shall be presented to the College Board of Education after being reviewed by the appropriate governing body. Comments from these sources shall be taken into consideration before the adoption of final policies.
Discussions and actions of the College Board of Education relating to Equal Opportunity/Affirmative Action policies shall take place in open meetings, and the public shall be given notice of the content and scheduling of these meetings. The director of Human Resource/Affirmative Action officer, or designee, will have primary responsibility for drafting and distributing policy revisions and should be informed of any problem areas which may exist.
4) <u>Implementation</u>
Although ultimate accountability for affirmative action compliance is lodged with the College Board of Education and administration, responsibility for implementing the program rests with every college employee and the student body. The college president/chief executive officer shall be accountable for overall compliance and implementation to the College Board of Education. The appropriate administrators shall be accountable to the college president/chief executive officer for implementation within their respective divisions.
Procedures for implementation shall be developed by the director of Human Resources/Affirmative Action officer in conjunction with the college president/chief executive officer and the appropriate administrators. College employees should be familiar with the policies affecting recruitment, hiring, and treatment of students, and Equal Opportunity/Affirmative Action within the educational program. Procedures for implementation may be refined or modified from time to time; employees should review these procedures to see how they affect them personally and seek

· · ·	
	Resources/Affirmative Action officer or their
	immediate supervisor.
5)	<u>Compliance</u>
	The director of Human Resources/Affirmative Action
	officer is primarily responsible for determining
	whether the college is in compliance with state and
	federal regulations. The officer will assist the college
	president/chief executive officer and management in
	identifying barriers to the achievement of the college's
	Equal Opportunity/Affirmative Action goals. The
	director of Human Resources/Affirmative Action
	officer will review and approve individual personnel
	actions and will assist in developing goals and
	procedures for correcting any factors which contribute
	to the underutilization of employees from protected
	classes. The director of Human Resources/Affirmative Action officer will also review the overall progress and
	problems encountered with program compliance and
	report these matters in an annual Equal
	Opportunity/Affirmative Action review to the College
	Board of Education. All inquiries from external groups
	or the Office of Civil Rights concerning the college's
	compliance with Equal Opportunity/Affirmative Action
	laws or regulations shall be responded to by the
	college president/chief executive officer or the
	director of Human Resources/Affirmative Action
	officer or their designee.
	J
6)	Monitoring
	The director of Human Resources/Affirmative Action
	officer will collect and analyze data relating to Equal
	Opportunity/Affirmative Action. Data will be collected
	and presented in a format acceptable to federal and
	state compliance agencies. Other aspects of
	monitoring for compliance shall be left to the
	discretion of the director of Human
	Resources/Affirmative Action officer. This person shall
	have access to all meetings, files, and other internal
	records which might have a bearing on the college's
	compliance with Equal Opportunity/Affirmative Action
	regulations. Ultimate responsibility for monitoring

	rests with the College Board of Education and the
	college president/chief executive officer.
	a) <u>VEVRAA Monitoring</u>
	The college shall establish an annual utilization goal for
	employment of protected veterans based on our districts
	population of protected veterans. Outreach and recruitment efforts must be evaluated on an annual basis to determine
	effectiveness and the degree to which the college's
	objectives have been attained. The college will also
	determine whether known protected veterans have had the
	opportunity to participate in all college sponsored
	educational, training, recreational and social activities. This
	annual evaluation must be documented. This documentation
	must be retained for three years. If it is determined that the
	college's efforts were ineffective, the college will identify the remedial measures it will take.
	b) Rehabilitation Act Monitoring
	The college shall establish an annual 7% utilization goal for
	employment of disabled individuals. If the college does not
	reach this goal, it must identify problem areas and develop
	action-oriented programs to address the under
	representation of disabled individuals. The college must document and compare self-disclosing disabled applicants to
	self-disclosed hires annually. All applicants will be invited to
	self-disclose when they apply, as well as, after an offer has
	been made. Additionally, every five (5) years current college
	employees shall be invited to self-disclose any disabilities.
	Once an individual has self-disclosed, the college shall enter
	into an interactive process to determine what, if any, accommodations are necessary.
	accommodations are necessary.
	The director of Human Resources/Affirmative Action officer
	shall prepare an Annual Equal Opportunity/Affirmative Action
OPPORTUNITY/AFFIRMATIVE ACTION REVIEW	Review on Workforce Statistics and will include an update of
ACTION REVIEW	the college's work utilization analysis for women and
	minorities, the college's Equal Opportunity/Affirmative Action
	objectives and relevant statistics and information regarding
	the protected classes. A copy of the Annual Equal
	Opportunity/Affirmative Action Review will be presented to
	the College Board of Education annually and attached to this
	plan.
RELATIONSHIP BETWEEN	VI. <u>SPECIFIC EMPLOYMENT POLICIES AND PROCEDURES</u>
POLICY AND PROCEDURE	

	As used in this plan, the word "policy" refers specifically to principles adopted by the College Board of Education when it adopted this plan. Policies describe mandatory practices and are separated from procedures in each section. The procedures which follow the policy statements describe methods of implementing the policies adopted by the College Board of Education. Procedures may be modified to conform to changing circumstances, but they will not alter the basic policy. Suggested procedures are included in this plan to assist employees in interpreting the intent of policies adopted by the College Board of Education or by federal and state agencies. The procedures described herein are presently in use.
A	Relationship of Equal Opportunity/Affirmative Action to Bargaining Agreements and Policy Handbooks
	The constraints imposed by bargaining agreements and policy manuals shall not impede compliance with Equal Opportunity/Affirmative Action regulations. Any instances where conflicts occur, or may exist, between Equal Opportunity/Affirmative Action and other policies of the college shall be brought to the attention of appropriate administrators and resolved in a manner which assures legal compliance with Equal Opportunity/Affirmative Action regulations.
В.	Achievement of a Representative Work Force
	At all levels of staffing, the college shall endeavor to include qualified members of the protected classes covered by Equal Opportunity/Affirmative Action legislation in proportions roughly equal to their presences within the relevant labor pool. Achievement of a representative work force shall be viewed as a minimum goal of this institution. Personnel practices and recruitment efforts shall be designed to assure that the college employees reflect the composition of its relevant labor pool.
C.	Emphasis on Recruitment

The primary means of correcting past imbalances in employment shall be the active recruitment of members from protected classes. Candidates for employment shall be evaluated with equitable and relevant criteria, and only those who are qualified will be selected. Intensive recruitment efforts shall be designated to assure that adequate numbers of qualified persons from protected classes are selected from among those who apply for employment. A comprehensive list of referral resources and appropriate agencies will be notified of job announcements at the college.
1) <u>VEVRAA Outreach Efforts</u>
To comply with the requirements of VEVRAA, the college will enlist the assistance and support of the following persons and organizations in recruiting, and developing on-the-job training opportunities for protected veterans, in order to provide meaningful employment opportunities for protected veterans:
a) The Local Veterans' Employment Representative in the local employment service office;
b) The Department of Veterans Affairs Regional Office;
<ul><li>c) The veterans' counselors and coordinators ("Vet- Reps") on local college campuses;</li></ul>
d) The local service officers of the national veterans' groups;
<ul> <li>e) Local veterans' groups and veterans' service centers;</li> </ul>
f) The Department of Defense Transition Assistance Program (TAP); and
g) Any organization listed in the Employer Resources section of the National Resource Directory ( <u>http://www.nationalresourcedirectory.gov/</u> ), or any future service that replaces or complements it.

· · · ·	
	2) Additional Outreach Efforts
	The college may also take the following actions to
	provide meaningful employment opportunities to
	protected veterans. The college need not do any or a
	combination of the outreach efforts below,
	depending on the particular situation.
	a) Formal briefing sessions will be held on the college
	campus with representatives from recruiting sources.
	College tours, clear and concise explanations of
	current and future job openings, position
	descriptions, worker specifications, explanations of the college's collection process, and recruiting
	the college's selection process, and recruiting
	literature should be an integral part of the briefing. At
	any such briefing sessions, the college's director of
	Human Resources/Affirmative Action officer will be in
	attendance when possible. Formal arrangements will
	be made for referral of applicants, follow up with
	sources, and feedback on disposition of applicants.
	b) The college's recruitment efforts at all educational
	institutions will incorporate special efforts to reach
	students who are protected veterans.
	c) An effort will be made to participate in work-study
	programs with Department of Veterans' Affairs
	rehabilitation facilities which specialize in training or
	educating disabled protected veterans.
	eucating disabled protected veteralis.
	d) Protected veterans will be made available for
	participation in career days, youth motivation
	programs, and related activities in their communities.
	e) The college will take any other positive steps it
	deems necessary to attract qualified protected
	veterans not currently in the work force who have
	requisite skills and can be recruited through
	affirmative action measures. These persons may be
	· · · ·
	located through the local chapters of organizations of
	and for any of the classifications of protected
	veterans.
	f) The college in making hiring decisions will consider
	f) The college, in making hiring decisions, will consider

· · · · ·	
	applicants who are known protected veterans for all available positions for which they may be qualified when the position(s) applied for is unavailable.
	g) The college will consider listing its job openings with the National Resource Directory's Veterans Job Bank, or any future service that replaces or complements it.
	D. Informal Recruitment
	All applicants who are contacted through informal means shall be required to file applications with the college Human Resources Department and limit themselves to established procedures for screening and evaluation. Persons who are not part of the informal and social communication ties of the college shall have equal opportunities for consideration in employment. Any applicant or current employee who attempts to influence selection without using established hiring processes commits a serious breach of hiring practices.
	E. Job Announcements
	Job announcements shall be distributed to the appropriate and diverse geographical areas and agencies and shall be worded as clearly and specifically as possible, with particular attention given to the essential job functions and qualifications of the jobs.
